Application for an IAGC Student Research Grant for 2010

******Submission Deadline: 1 December 2009******

Year of application _____ Amount requested (\$3000 US maximum) \$ _____

Personal Information: First Name _____ Last Name _____
E-mail address _____
Citizenship _____

Mailing address: Street Address _____
City _____
Country _____ Code _____

Academic Information:

Department _____ Bachelor's degree _____ Year _____
University _____ Master's degree _____ Year _____
Current degree program _____ Years in PhD program _____
Anticipated graduation date _____

PhD Supervisor Name _____ Affiliation _____
E-mail _____

Title of PhD research _____ Geographic location of PhD research _____

Condensed Biography/CV (150 words maximum).

1. Background (1 page limit in 11 point font): Discuss the background to your PhD dissertation research problem, document the importance of the problem, and describe the contribution of geochemistry to its solution.

2. Proposal text (2 page limit in 11 point font). Clearly describe how you are addressing your PhD research problem, what hypothesis your research will test, and what is the anticipated contribution of geochemical analysis to the project

3. Proposal Budget:

| | <u>expenditure category</u> | <u>cost (\$ US)</u> |
|----|-----------------------------|---------------------|
| 1. | _____ | _____ |
| 2. | _____ | _____ |
| 3. | _____ | _____ |
| 4. | _____ | _____ |
| 5. | _____ | _____ |
| | TOTAL | _____ |

Amount and nature of other funds available for the PhD research (list amounts and sources, including those from research grants to academic supervisor)

| | <u>source</u> | <u>amount (\$ US)</u> |
|----|---------------|-----------------------|
| 1. | _____ | _____ |
| 2. | _____ | _____ |
| 3. | _____ | _____ |
| 4. | _____ | _____ |
| 5. | _____ | _____ |
| | TOTAL | _____ |

THE RESEARCH GRANT PROPOSAL APPLICATION

A proposal for an IAGC Student Research Grant shall be submitted to the Business Office by 1 December 2009 using the official proposal form.

USE OF STUDENT RESEARCH GRANT FUNDS

Authorized uses of Research Student Grant funds include only:

- a. The cost of preparing PhD dissertation research samples for geochemical analysis,
- b. The cost of travel to an analytical facility to undertake geochemical analysis of PhD dissertation samples and local lodging costs incurred while undertaking the analyses, and
- c. Laboratory charges for the geochemical analysis of PhD dissertation research samples.

POST-AWARD REQUIREMENTS

Each PhD student receiving an IAGC Student Research Grant shall provide a financial report to the IAGC Treasurer of how the grant funds were spent not later than 24 months the grant is received.

Each recipient of an IAGC Student Research Grant shall acknowledge this support in their PhD dissertation and in any scientific publications deriving from the part of the PhD research supported by IAGC.

The grant recipient shall provide a copy of the PhD dissertation and reprints of any scientific papers deriving from the IAGC-supported research to the IAGC Business Office. The Business Office shall note all such submissions in its annual report.
